

CLASS DESCRIPTION

PROJECT MANAGEMENT PROFESSIONAL PMP® CERTIFICATION COURSE RITA MULCAHY'S (RMC) METHODOLOGY

This intensive 5-day course is designed to prepare you for the PMP® exam in a fun and effective manner—with minimal required studying after class! In addition to unique games and activities, there are exercises and techniques designed specifically to increase both learning and knowledge retention, giving students not only the knowledge they need to pass the exam, but also to become a better project manager—without rote memorization.

GOAL

Whereas others spend days walking you through the inputs and outputs of the PMBOK® Guide, we will show you how to understand them in only minutes. You will learn topics that are on the exam but are NOT in the PMBOK® Guide, as well as, reasons why others fail the exam and how to avoid these critical mistakes. You will learn to be a better project manager in the process of studying for the exam. You will discover what you know, as well as what you do NOT know, and receive help filling your knowledge gaps.

INTENDED AUDIENCE

This course is directed to senior experience project managers who wish to pass the PMI® PMP® certification exam.

OBJECTIVES SUMMARY

At the end of this course you will be able to:

- Identify gaps in your knowledge that may hurt you on the exam
- Be more comfortable with the types of questions you will see on the exam
- Use tips to pass the exam that have been used successfully by thousands of people
- Utilize your personalized test taking strategy
- Apply project management techniques useful in the real world
- Be a better project manager

COURSE MATERIAL

Course materials will include

- Rita's entire PMP® Exam Prep System (the PMP® exam prep book, exam simulator and flashcards—a \$440 value) for FREE as part of the course materials
- And additional materials not available to the public. This class requires the student to bring a laptop computer (Windows).

TRAINING STRATEGY

The training approach include unique features as games, contests, case studies, exercises and other tools to help the participants to understand the project management concepts and not memorizing. This course will also assist you in finding and documenting the gaps in your knowledge, so you can leave the class knowing exactly what you know, and exactly what you need to improve on you daily project management work.

COURSE OUTLINE

- **Day 1** – covers the fundamental concepts in project management
- **Day 2 and 3** – covers the project management knowledge areas, tools and techniques, exercises, First short computerized exam test using 50 questions, Rita's Process Game
